

SEPTEMBER 2018

COMMUNITY NEWSLETTER

HURRICANE SEASON

Traditionally, September is the PEAK month for hurricanes and other severe storms. **PLEASE BE READY....**Not only do we want **YOU** to be safe, we also want our community properties to be safe. This includes having your emergency supplies on hand **AND** having all your lawn ornaments, flower pots, and any other items that can become projectiles in high winds, picked up and secured in a safe place. If you need assistance, please let the office know.

NEIGHBORHOOD WATCH

We would like to thank our residents for your continued awareness and observations of vehicles entering the resort. While most of these folks just want to peek at the construction in the back lot or see what seasonal sites are available, some may not be here for the right reasons. It is because of your awareness of your surroundings and approaching these people to see if they need assistance, that we all feel safer and comfortable. Keep up the good work!!!!

IT'S NEVER TOO EARLY

I know it is hard to believe, but FALL is coming this month. It is never too early for us to plan what we want to do for fun activities and gatherings. If you have ANYTHING you would like to see happen this year, just contact me and we will see about getting it scheduled. Teach a craft or other class, get involved, it's FUN, volunteering is a GREAT way to get to know our residents and guests. Contact Lori Hoag, Activities Director, at 607-621-8988 or email at Hoagsfarm@aol.com to share your ideas, comments & suggestions.

WE'VE BEEN INVITED!!

Our fine neighbors at **Webster RV Resort** have invited us to join them on **MONDAY, SEPTEMBER 3RD @ 5:00 LABOR DAY POT-LUCK DINNER. THEY ARE FIXING PULLED PORK & PORK ROAST (for those that don't care for BBQ).** Please sign up at the Hall so they have a head count. The dinner will be in the Long Branch Hall (walk through the gate and straight ahead). Remember: **Take a generous sized dish to share and your own table settings.** This is going to be FUN.

Enjoy Labor Day at the Market!!

Please note that our Workampers are off on Monday, Sept. 3rd for the holiday. There will NOT be any trash collection on Monday, there WILL be trash on TUESDAY. Be sure to have it curbside by 9am, NOT the night before. **Today is also one of the BIGGEST days at the Flea Market, take some time to check it out!!!**

NEW HOMES FOR SALE

Don't forget, if **YOU** refer someone that purchases one of the two new homes that are for sale, **YOU** receive 6 months FREE LIFESTYLE FEES!!!! (This challenge ends Sept. 30th)

IN MEMORY: Sunshine Village was very saddened to learn of the recent passing of Francis (Frenchy) Conro, on July 22, 2018.

Frenchy was a past resident/manager here at Sunshine Village. He is survived by his wife, Janice, who is a regular here for cards and bingo. Our thoughts and prayers are with the entire family.

Let's Celebrate

Fall

Tuesday, September 25th 5:30

At Sunset Park... We are having a Fall Picnic in the Park. All you need to bring is your own table settings and drinks. Provided will be Boiled Dinner (Ham, Cabbage, Potatoes, & Carrots) Bread & Butter, and Dessert. **Please sign up so we can plan enough food. 50/50 drawing too!!** (Bad weather, we will move inside)

RECYCLING CANS IS BACK

We are very excited that Sunshine Village is once again Recycling Aluminum Cans.... We have installed some "Can Crushers", one in the laundry area, and one outside the maintenance shop. Please rinse and crush your cans if using containers that are provided. You may either crush or not crush at the maintenance shop, however, we ask that you rinse the cans. By rinsing the cans we eliminate wasps and other insects. If you would rather just simply "Recycle" your empty cans, please rinse them and put them in a separate bag curbside on regular trash pick up days. The funds from the recycled cans goes towards funding activities for our community. Please help cut down on litter, recycle your aluminum cans and help your community at the same time...
