

# Sunshine Village

**Wow, it sure got quiet!** So many of our "Seasonal Friends" have headed back north, sure hope they have good weather when they arrive.

It has been an exciting season filled with lots to do and the opening of our new Super Sites.

We hosted two RV Rallies in the Super Sites and really enjoyed the folks in their groups.

While it seems quiet around here, we are already busy putting together our plans for the 2019-2020 season. Where does the time go?

If you or someone you know wants to spend next season with us here at Sunshine Village Resort, please have them make their reservations now, we are filling up quickly.

May you all have a happy, healthy, and fun summer. Travel Safely and enjoy each day, we look forward to your return next season.

## Some Reminders & Notices:

SPRING CLEANING TIME is here again.

Now that the winter season has once again come to an end, it is time to get our homes and lots cleaned up.

It would be greatly appreciated if all homeowners would make certain to have their Home or RV pressure washed, flower gardens weeded, and trimming done where needed. If you physically can't do the work yourself, the maintenance department has a list of reasonably priced residents that can assist you.

**All RV's**, as well as boats and trailers that are not on concrete **MUST** be moved into storage. Please contact Al Huestis or Jim Geers for information regarding the placement of your items.

Violation Letters will be mailed in May for anyone not in compliance with our Home & Lot Maintenance Rules. We would rather NOT have to send out any notices and are hopeful that each of you will make "Spring Cleaning" a priority. We DO Appreciate your cooperation.

**Lot Changes:** Just a quick reminder that if you want to add to or take away ANYTHING to your lot, you must first check with Al Huestis for approval **BEFORE** you begin any work.

## Unfortunately, it DOES HAPPEN

May is the beginning of Hurricane Season  
**YOU MUST BE READY**

It is not just hurricanes we need to be aware of, it is the daily threat of Heavy Rains, High Winds, Lightening, and Tornado Warnings/Watches.

In preparation for these weather factors we ask that ALL residents be prepared to remove, anchor, or secure **EVERYTHING** on your lot that could potentially become a projectile causing damage to property or persons. You are responsible for any and all damage that may be caused from your flying objects and debris.

## Severe Thunderstorms or Tornadoes:

There are no shelters set up for either of these types of storms. We will post on the Campers App as warnings and watches are issued in our area. (If you have not yet downloaded the Campers App on your smart phone, PLEASE stop into the office and we will assist you with doing so.) The **SAFEST PLACE** during these types of storms are the **Showers & Bathrooms** located outside Sunrise Hall. These facilities are NOT tornado or hurricane rated however, they are MUCH safer than a Mobile Home or RV (**according to County EMS and Fire Departments**).

**Always Have Ready:** Have that backpack ready and know where it is. You should have at least 2 days supply of bottled water, medications, cell phone charger, flashlight & batteries, non-perishable foods/snacks, bandages, and personal hygiene items.

**HURRICANES:** Sumter County has two emergency shelters, one at the Webster Elementary School and one (pet friendly) at the Fair Grounds. Once a Hurricane Warning is issued, Sunrise Hall will remain LOCKED throughout the duration of the storms.

### Self Reflection:

If we all looked at our own Reflection in a mirror, would we really like what we see? For the most part probably. If we looked deeper at our reflection, we will also see some imperfection. That is okay though because after all, we are only mere humans.

Me, what do I see? I see those few I may have treated unfairly, I see those that I went out of my way to help, I see the lines from years of laughter, the strain from years of uncertainty, but most of all I see ME. Me, my best friend, Me, a mere human whom makes mistakes, Me, that loves life to the fullest, Me, who has loved and lost love, Me, the ONLY one that can change Me.

So now my new journey begins, my journey to turn my wrongs into rights, my sadness into happiness, my sorrow into memories, my talents into works of art, my heart into that of someone that truly loves and does not know how to hate. I can't wait...Won't you please take a look at your Self Reflection and Celebrate? Celebrate YOU!!
